Recent graduates of East Central's Criminal Justice program Kristen Paulk, Maria McCutchen, and Sheena Odom have proven successful at intern sites. As a requirement for graduation, students are required to complete a 150 hour internship in a criminal justice related field. Kristen interned with the Coffee County Solicitors Office and was signed on as a full time employee while completing her internship. Maria interned at the Ben-Hill County Public Defender's office and has chosen to further her education. Sadie's House, a victims advocacy center in Douglas, was honored to have Sheena as an intern. She too, gained employment at her intern site. Congratulations on a job well done!! Pictured from L-R: Kristen Paulk, Maria McCutchen, Sheena Odom
